Award recipients are selected by a global, cross-functional GM team based on performance throughout the year and alignment with GM's core values and strategic priorities.

"Supplier of the Year is one of those key moments our whole team looks forward to every year because it highlights the partnerships behind every vehicle we build," said Shilpan Amin, Senior Vice President, Global Chief Procurement and Supply Chain Officer, General Motors. "The results our suppliers deliver throughout the entire product development cycle are central to our ability to deliver world-class vehicles to our customers. When our suppliers, such as Magna, lean in with us on new technology and flawless execution, we can move faster, compete harder and unlock more value across the entire supply chain."
