Peel Memorial Centre Celebrates \$1 Million Contribution

November 15, 2016 BRAMPTON – A \$1-million donation to the new Peel Memorial Centre for Integrated Health and Wellness from Magna International was announced at a special event yesterday.

The gift was made in front of Magna employees, local dignitaries and hospital staff at Magna's location on Steeles Avenue East in Brampton, just eight km from the new Peel Memorial. Recently completed and opening to the public in February 2017, Peel Memorial will be a new kind of health care facility; one that treats illness and injuries and also helps people stay well, manage their illness or disease, and learn about healthy living.

"We are deeply grateful for Magna's support of Peel Memorial. They are a true corporate leader whose actions will improve the lives of those who live and work in our growing community by ensuring access to the very best care close to home," said Ken Mayhew, President & CEO, William Osler Health System Foundation. The donation is part of Osler Foundation's larger \$100M *You Have the Power* Campaign which includes important redevelopment and renewal projects at each of Osler's three sites.

Her Worship Linda Jeffrey, Mayor of Brampton, attended the event, extending a heartfelt thank you to Magna for its support. "Peel Memorial is a major asset for Brampton and would not have been possible without donors like Magna helping to build and, now, equip the facility," said Mayor Jeffery. "I am proud live in a City that inspires such tremendous giving from its corporate partners."

Peel Memorial is home to the new *Magna International Diagnostic Imaging Unit*, named in recognition of Magna's extraordinary investment, which was designated to the purchase of two digital radiography (X-ray) units. More than 54,000 radiography, mammography, ultrasound, CT and bone mineral density exams are expected to take place in this Unit each year.

"Magna is committed to helping organizations in the communities where our employees live and work," said Marc Neeb, Magna Executive Vice President and Chief Human Resources Officer. "We are pleased to be able to contribute to the health of families in Brampton by supporting this much-needed diagnostic imaging technology."

ABOUT WILLIAM OSLER HEALTH SYSTEM AND OSLER FOUNDATION: William Osler Health System is a hospital system 'Accredited with Exemplary Standing' that serves 1.3 million residents of Brampton, Etobicoke, and surrounding communities within the Central West Local Health Integration Network. Osler's emergency departments are among the busiest in Canada and its labour and delivery program is one of the largest in the province. William Osler Health System Foundation builds and fosters relationships in order to raise funds to support William Osler Health System's capital, education and research priorities at Brampton Civic Hospital, Etobicoke General Hospital and the new Peel Memorial Centre for Integrated Health and Wellness.

ABOUT MAGNA: We are a leading global automotive supplier with 312 manufacturing operations and 98 product development, engineering and sales centres in 29 countries. We have over 155,000 employees focused on delivering superior

William Osler Health System
