

Mirrors – Inside Mirror

ClearView™ Inside mirror

The ClearView™ inside mirror switches between a traditional reflective surface and a full-size display showing an unobstructed view from the rear-mounted camera. All while improving styling and adding new safety features.

Competitive advantage/differentiators

- Larger field of view which is customizable to user preference
- Increased safety
 - Able to overcome obstructions caused by passengers, headrests, C/D pillars, cargo, trailer, convertible top, etc.
- Display settings customized using capacitive touch buttons on glass surface
- Electric actuator automatically tilts glass for video mode, reducing glare
- Improved styling with Automotive News PACE award winning Infinity™ inside mirror
