- › Different backrest angles with same cushion angle
- › Cushion edge protection
- › High rigidity
- › Unlimited customizing
- › Cantilever attachment available
 - Easy vehicle cleaning
- › Service friendly
 - Easy and fast replacement of spare parts
 - Global Aftersales
 - Worldwide service

Customization

Branding:

Sell your own identity.

High flexibility for individual positioning of branding.

Flexibility:

Sell your philosophie or just advertise.

The easy replacement of the design frame provides a high flexibility and sends your message to the customer and the passenger.

Identity:

Sell your own appearance.

The different upholsteries and various possibilities for different colours according to OEM/customer requirements provide an individual look.

(back shell, cushion shell, backpanel, design frame back shell, design frame cushion shell, grab handle, safety bar)
